

SWE Freshmen Mentoring Program

Mentee Responsibilities

- You must respond to each bi-weekly email with academic and professional progress.
- You must engage in the Mentor-Mentee meeting twice per term.
- You must respect your mentor's personal goals and past achievements.
- You should always be respectful to your Mentor and understand her role for your academic and professional development and success.
- You should utilize the resources which your Mentor provides, especially those involving networking and professional development.
- You should make an effort to go to the events which your Mentor suggests.
- You should look upon your Mentor as a guide, role model, and friend that can truly impact your development as a female engineering professional.
- If you are not on the same page with your mentor, you should email swe.drexel@gmail.com

I hereby have read and understand the requirements necessary to become a successful SWE Mentee and will meet the requirement to the best of my ability
